CROCHET PATTERN

Mustard Star Tassel Ornament

A flat crochet star on a beaded cord with a cream tassel

SKILL LEVEL	FINISHED SIZE	YARN	HOOK
Intermediate	≈ 17 cm (6.7 in) plus an 8 cm loop	DK cotton · 2 colours	2.5 mm (US B/1–C/2)

A flat five-point star: two rounds of sc from a magic ring, then each point worked in short rows on the edge, finished with a slip-stitch outline. It hangs on a cord with wooden and gold beads above a full tassel.

MATERIALS · GAUGE · ABBREVIATIONS

Before You Begin

Materials & Tools

Yarn A (star)	DK (#3) cotton, mustard gold — approx. 3 m (4 yd), about 2 g — 1 ball of 50 g (about 115 m) is enough
Yarn B (tassel, cord)	DK (#3) cotton, cream — approx. 12 m (13 yd), about 5 g — 1 ball of 50 g (about 115 m) is enough
Hook	2.5 mm (US B/1–C/2)
Beads	3 gold-tone beads 6 mm (hole at least 2.5 mm); 2 natural wooden beads 12 mm (hole at least 3 mm). Both cord strands must pass through each bead together — test before you start.
Notions	tapestry needle, stiff card for the tassel, pins, scissors

Gauge

GAUGE 22 sc and 24 rows/rnds = 10 cm (4 in) in single crochet with a 2.5 mm hook. Gauge is not critical for an ornament, but work firmly so that stuffing does not show and flat pieces keep their shape; sizes depend on your tension.

How to swatch: Optional density check: ch 12, then work 10 rows of sc on 11 sts. The square should measure about 5 cm (2 in) wide and 4 cm (1.6 in) tall. If it is larger or you see gaps between stitches, use a smaller hook.

Finished Measurements

Part	Width	Height
Star (point to point)	≈ 4.2 cm (1.7 in)	≈ 4 cm (1.6 in)
Tassel	–	9 cm (3.5 in)

CHOOSING A SIZE One size. For a larger ornament use light worsted (#4) cotton and a 3 mm hook; for a smaller one use sport-weight cotton and a 2 mm hook. Beads and tassel length can be changed freely.

Abbreviations (US terms)

ch	chain	**MR**	magic ring
sc	single crochet	**st(s)**	stitch(es)
inc	2 sc in the same stitch	**rnd(s)**	round(s)
sc2tog	single crochet 2 together	**( ) xN**	work the sequence in brackets N times
sl st	slip stitch		

Pattern Notes

- Joined rounds (where a round says "Join"): unless the round says otherwise, start the round with ch 1, which does not count as a stitch, and finish it with a sl st into the first stitch.
- Right side: for pieces worked in rounds, the outside of the rounds; for pieces worked in rows, choose the neater side and mark it. "Wrong sides together" means the marked right sides face out.
- US crochet terms are used throughout.
- The number in parentheses at the end of a row or round is the number of stitches you should have when it is finished. Tick the box when you finish each step.
- Rows: ch 1 at the start of a row does not count as a stitch; rounds worked in a magic ring are worked in continuous spirals unless the round says "join".
- Leave a 20 cm (8 in) tail when you fasten off a piece that will be sewn; weave in all other ends on the wrong side as you go.

Techniques

Magic ring (MR) — Wrap the yarn twice around two fingers, insert the hook under both strands, pull up a loop and ch 1 (does not count as a stitch). Work the stitches of Rnd 1 over both strands, then pull the tail firmly to close the centre.

sc2tog (flat pieces) — Insert the hook in the next st, yo and pull up a loop; insert in the following st, yo and pull up a loop (3 loops on hook); yo and draw through all 3.

Tassel neck wrap — Lay a 5 cm loop of the wrapping strand along the tassel, pointing down. Wrap the long end tightly around tassel and loop, from the top down. Pass the end through the loop, then pull the short tail at the top until the loop disappears under the wraps. Trim both ends and hide them in the skirt.

YARN A (MUSTARD) · MAKE 1

Star

A small sc circle is worked first; the five points are then worked one after the other directly on its edge, without cutting the yarn, and a slip-stitch edge sharpens the outline.

☐	**Rnd 1**	10 sc in MR. Join.	**(10)**
☐	**Rnd 2**	(sc 1, inc) x5. Join. Do not fasten off; continue with the points.	**(15)**
		Points: each point is worked in rows over 3 sts of Rnd 2; after each point you slip stitch down its side and start the next point in the next st.	
☐	**Row 1**	Point: ch 1, sc in each of the next 3 sts (for the first point, start in the same st as the join); leave the rest of the round unworked. Ch 1, turn.	**(3)**
☐	**Row 2**	sc2tog, sc 1. Ch 1, turn.	**(2)**
☐	**Row 3**	sc2tog. Ch 1; sl st in each of the 2 row-ends down the side of the point, then sl st in the last st used for Row 1 of this point.	**(1)**
		Repeat Rows 1–3 four more times, starting each point in the next st of Rnd 2 (5 points).	
☐	**Edge**	Sl st evenly around the whole star: 1 sl st in each st and row-end, (sl st, ch 1, sl st) in the top of each point. Fasten off and weave in.	

TIP Pin the star flat, spray it lightly with water or starch and let it dry so the points stay straight.

YARN B (CREAM)

Tassel

The tassel is made first: the hanging cord is tied into its top, so the cord runs through the whole ornament and is anchored in the tassel.

☐	**Step 1**	Cut a piece of stiff card 10 cm (3.9 in) tall. Wrap Yarn B (cream) around the card 40 times, keeping the wraps side by side and not too tight. Cut the yarn at the bottom edge.
☐	**Step 2**	Cut the hanging cord: one 90 cm (35 in) length of Yarn B. Slide it under all the wraps along the top edge of the card so that its middle sits there, and tie it in a tight square knot around the wraps. Both cord ends now point upwards.
☐	**Step 3**	Cut through all the wraps along the bottom edge of the card and remove the card. Let the strands hang down from the cord knot.
☐	**Step 4**	Tassel neck: cut a 70 cm length of Yarn B. Measure 2 cm down from the top fold and wrap it tightly 8 times around the bundle (see Tassel neck wrap in Techniques).
☐	**Step 5**	Trim the skirt evenly to 9 cm (3.5 in) from the top fold. Hold it over steam (or dampen it) and comb the strands straight with your fingers; let it dry hanging.

Assembly & Finishing

- Thread both cord ends together through a large-eye tapestry needle (or a bead needle with a big eye). Work upwards from the tassel.
- String, from the tassel upwards: 1 wooden bead → 1 gold bead → the star → 1 gold bead → 1 wooden bead → 1 gold bead.
- To pass through the star: hang it with one point up. Enter at the base of the bottom 'valley' between the two lower points, run the needle up through the back of the stitches (across the centre ring) and out at the tip of the top point.
- Push everything down snugly onto the tassel so there are no gaps. Holding both cord ends together, tie one overhand knot right above the top bead to lock the stack.
- Hanging loop: tie the two cord ends together with a square knot so that the loop measures 8 cm (3 in) from the overhand knot to the top. Trim the ends to 5 mm and add a drop of fabric glue to the knot if you like.

SAFETY This is a decoration, not a toy, and not suitable for children under 3 years. Beads and cords are a choking and strangling hazard: hang it out of reach of babies, young children and pets.

Checkpoints & Troubleshooting

Stop and count at these points — every number is the stitch count on your needle after that step, exactly as printed in the rows.

Piece	Count	One size
Star	after: Rnd 1	10
	after: Rnd 2	15
	after: Row 3	1

If your count doesn't match

- **Count at every checkpoint.** One stitch out: look back to the last checkpoint for a missed or doubled increase or decrease and put it right there. A lifeline (a smooth thread run through a finished row) lets you rip back safely to a row you know is right.
- **Piece longer or shorter than expected for the rows:** your row gauge differs. Lengths are worked to the measurement given, so measure the piece flat, without stretching, and follow the cm.
- **Shaping lines look ragged:** work the decreases at the same distance from the edge every time, as written, so the seams and bands have a straight edge to follow.
- **Working in rounds:** place a marker at the start of the round and move it up every round — most count errors in rounds come from a lost round start.

THANK YOU Thank you for making this ornament. Happy crocheting!
